

TOP SECRET GNESS RUFF

COMMITMENTS BY NPIC

NPIC has been committed only to providing, The Civilian Agency Teams under GIMRADA supervision, with following services:

1. Orientation Instruction - This would probably consist of:
 - *a. Briefing on applicable camera or other imagery-producing sensor systems.
 - b. Briefing on the NPIC and IAS Peaceful Uses Boards.
 - **c. Basic characteristics of the photogrammetric problem or associated technical problem.
 - *d. Organization of NPIC and discussion of equipment.
2. Provide control point for acquisition of available film and selected supporting material (not already available to the requesting agency) and determine its releasability with guidance from CIA Headquarters if criteria need elaboration. [] has been designated by []
3. Serve as consultant on coordinating committee under the chairmanship of DD/S&T.

(Any other support will require analysis of effect on total workload and coordination with higher authority if long-term, time consuming requirement is submitted.)

- * Suggest addition of these items to round off orientation.
- ** Note first group of key officials are but for teams only.
